HANDICAPPING SELECTIONS & STRATEGIES

- 2 - Crewman - Up and down last few as Poulos tries to find the right spot. Based on his pattern, should have a good out here going short after trying turf last out.
- 5 - Yockeys Warrior - Class drop after taking six months off. Stall does get them ready for best effort off the break. Did win at this distance over strip back in Oct 2016.
- 2 - Wilbo - Return race was over Remington Park strip. Class drop after facing stakes types last out. Lanerie won with a big price Friday.
- 1 - Far Right - Second against similar in June 2017 race. Gets rider change for return. Scouring back in his races he faced some nice three year olds.

HANDICAPPING SELECTIONS & STRATEGIES

- 4 - Clever Serve - Stretch out for Asmussen/Santana. Does well first time off the claim. Could move horse up going route of ground. Won in one turn mile at Churchill Downs.
- 6 - Sneaky Betty - Working okay since most September 17 race. Fact he is facing N2L after breaking maiden is positive as filly may have figured out she needs to be in front at the wire.
- 1/1A - Nancy Doll/ Villa Elena - Murrill has call on both. Jockey won with a Vaschenko's Cartoon on Thursday. Nancy Did run on late in April to finish fourth. Elena looks to be more interested in dirt races.

HANDICAPPING SELECTIONS & STRATEGIES

9 - She's Lovely - Filly was in good form prior to heading to the sidelines in March. Not much in this field to beat, if she reverts to her all-weather races could be long gone.
 1 - Spanish Arch - Won a NBL at Belterra, still has DELTA here to compete. Stephen doesn't ride often but wins at a good percentage and high ROI.
 8 - Chub's Charmer - Goes from turf to dirt. Mawing isn't a bad hand on a horse and Saez is struggling. Hasn't won since June 2017 on an off-track.
 7 - Limerick Lady - Maker/Lanerie make this a must play in exotics. Did win over Indiana Grand dirt strip which is plays to front runners.

HANDICAPPING SELECTIONS & STRATEGIES

6 - Markitoff - Connections have been strong as of late. Ignore Lanerie's win record as he brought home a \$66 winner on Friday. Throw out most recent as colt probably didn't like off track and wants this distance.
 11 - Dreamrider - Working nicely for Casse since move to Keeneland. Fired off a 4 STAR WORK to show gelding is ready for best effort. Second time going a route of ground for sharp barn.
 3 - High Promise - Looks good in the mornings. Followed up second place finish at a mile at Monmouth with third place finish at Belmont. Improving in each start.
 13 - Le Pin - Will need to draw in to be a player. Stretches out, based on pedigree no question distance and turf shouldn't bother him. Could move up on Keeneland turf course.
 9 - Arch Daddy - Can't ignore Mcgaughey currently with way he is training. Barn winning races on the east coast, jockey gets limited tries here.

HANDICAPPING SELECTIONS & STRATEGIES

5 - Dustem Carolina - Defeated similar back in May at seven furlongs. Mason off to a slow start. Graham won some big races in the midwest this summer.

4 - Sagara - Followed up Kentucky Downs race with second place finish at Mountaineer. Feel this is a bit of a class rise from most recent. Has run well on dirt going a bit shorter.

7 - Rise Above It - Amoss trains quite a few of Moss's horses. Could improve off fourth place finish on Indiana Grand as track is a merry-go-round. Shown he can be on the lead when asked.

2 - Case Cracker - No doubt this one breaks, Valdivia sends. Rivelli off to a slow start after monster Arlington Park meet.

16	Regal Dame	Mena M (118)	46d	Amoss Thomas M	Dpa Inc	N/A	10	

HANDICAPPING SELECTIONS & STRATEGIES

1 - Kitty Kat Kate - Ward using little know rider on this filly. Might be ready to fire if trainer continues of having unknown rider on live horses. Check the tote for clues.

12 - Arabella Bella - Liked her move back on October 17 for Yanakov. Valdivia won on her at Arlington at this distance. Filly does act like she has talent and 4 STAR WORK after G1 attempt makes us think she is turning corner.

14 - Oh Zap - Filly will be tough if she draws in for strong connections. Won at first asking and was bet well then.

4 - Malibu Saint - Jose/Maker in second start off short layoff. Did win with Maker's exercise rider two back. Could improve with Jose.

9 - Moonlight Rain - Don't know what to make of her most recent work. Lanerier gets chance to ride for high profile barn. Could improve off first attempt at route of ground.

HANDICAPPING SELECTIONS & STRATEGIES

- 3 - Sourdough - We've seen a few times where Wilkes/Whitney Stables combo will give them a race and then fire. Low DELTA in the field. Will get Lasix for the first time.
- 4 - Title Ready - Could improve on the distance. Working nicely in the mornings for Asmussen firing a 4 STAR WORK on October 14. His main guy rides here.
- 7 - Antarctic - Looks like this one has some talent. Fired off strong 4 STAR WORK to catch our eye. McKeever doesn't usually crank them up for debuts and might need a race.
- 6 - On Thirty Nine - Second at this distance and level in most recent. McPeek is starting to get some wins here.

- LQQK7 - Apple Betty - Shug's barn is starting to get hot. Won a stakes race here last week with War Flag. Looks strong in the morning. Enjoying the Keeneland turf course, firing a 4 STAR WORK around the dogs on the 15th.
- 2 - Lottie - Filly ran well at this distance two back with a second place finish. Shown to fire fresh off a short break. DELTA competitive here.
- 6 - Promotional - Wouldn't discount this one for Proctor. Sharp trainer who does well with placement. Mare wants the distance. Lanaerie starting to pick up steam.
- 9 - Daddy's Boo - Mare only has one way to go. Its to the front. She ran away in hid in most recent win. She gets loose on the lead will have hard time catching her.

HANDICAPPING SELECTIONS & STRATEGIES

LQQK9 - Rocking the Boat - Two straight wins for Gorder since taking over. Really looks sharp in the mornings firing off 4 STAR WORK on the 14th of October. Win over distance on track that favored horses on the lead and she needed to make up three lengths late.
3 - Icatiro - Liked the move from turf to dirt here. Cox claimed, tested him turf in first out for barn. Didn't get result, has more foundation under with Kentucky Downs race, should improve off that race.
2 - Grand Candy - Won earlier in the meet after getting a race over Kentucky Downs surface. Already paid dividends for Maker/Ramsey after claim. Likes the distance.
5 - Big Squeeze - Was well backed in most recent over CD surface. Competitive DELTA in this spot.

DELTA in parenthesis, '()' is computed off race more than 90 days

NEW FEATURE: Workmates in the workout report will now be BOLD and ALL CAPS, plus their latest Delta will be added:

Roco Rojo (22Δ) working on the turf with Waki Island (26Δ) finished in.....

As you read report you will be able to see the class level or current form ability of the ability. Additionally, you can click on the horse name and you will be what we have for the workmate over that time period. Another great feature with your BrunoWiththeWorks

Workout Rankings: Racingwithbruno developed a system for ranking workouts and tested it at the windows, honing the formula through months of trial and error. In the beginning, the rankings were constructed by hand. It was time consuming. Once we developed an algorithm it became a product we could offer to our clients and allowed us to produce rankings for any track across the country. Our rankings rate works on a scale of horses relative to others in their peer group. We don't just look at time, we look at maidens working with maidens versus maidens working with more esteemed company, etc. I'm not going to give our system away, but the rankings reliably indicate how a horse has been working in relation to its peers at a particular facility.

Workouts: For those who want exclusive information, the Racingwithbruno team shakes the bushes at dawn to provide clients with independent, qualitative observations of works at primary tracks where we have boots on the ground. Anyone can access the date, distance, time, and where the time of a particular work falls in relation to others at that distance on that day—our workout analysis is based on years of observations and experience and is the kind of information you won't get anywhere else.

DELTA Figures: DELTA, the fourth letter in the Greek Alphabet and the name of our figure that combines the four handicapping factors that can lead to a winning performance. Three years in the making, the DELTA Figures are a combination figure that controls for the conditions of today's race. The lower the number the better chance for success in the field. DELTA Figs are the latest handicapping tool from Racingwithbruno.

DELTA Fig Key

DELTA followed by 'd' is computed off dirt race when no turf race available

DELTA followed by 't' is computed off turf race when no dirt race available

DELTA in parenthesis, '(')' is computed off race more than 90 days

NEW FEATURE: Workmates in the workout report will now be BOLD and ALL CAPS, plus their latest Delta will be added:

Roco Rojo (22Δ) working on the turf with Waki Island (26Δ) finished in.....

As you read report you will be able to see the class level or current form ability of the ability. Additionally, you can click on the horse name and you will be what we have for the workmate over that time period. Another great feature with your BrunoWiththeWorks

Workout Rankings: Racingwithbruno developed a system for ranking workouts and tested it at the windows, honing the formula through months of trial and error. In the beginning, the rankings were constructed by hand. It was time consuming. Once we developed an algorithm it became a product we could offer to our clients and allowed us to produce rankings for any track across the country. Our rankings rate works on a scale of horses relative to others in their peer group. We don't just look at time, we look at maidens working with maidens versus maidens working with more esteemed company, etc. I'm not going to give our system away, but the rankings reliably indicate how a horse has been working in relation to its peers at a particular facility.
